## AMENDMENT UNDER 37 C.F.R. §1.111

Sir:

In response to the Office Action mailed August 1, 2002, please amend the above-identified patent application as follows:

In the Drawings:

Concurrently filed with this amendment is a request for entering drawing changes. The request proposes to add the legend "PRIOR ART" to each of Figures 9-13. In addition, Figure 9 is proposed to be revised by substituting the identifier "22" for "28". This makes Figure 9 correspond with the application at page 2, line 9. Furthermore, Figure 8 is proposed to be revised by identifying the conductor pads in the partially removed section of the resin lay as "270".

In the Specification:

Please amend the specification as follows (a clean copy of the amended paragraphs is appended hereto as Appendix 1):

Please amend the paragraph on page 1, at lines 2-5, as follows:

The present invention relates to the structure of an optical write head using light-emitting device arrays [and] to be provided in a high-resolution
